# PYRAD<sup>®</sup> PRODUCT

GORE-TEX<sup>®</sup>  
PYRAD<sup>®</sup> PRODUCT  
TECHNOLOGY

- DURABLY WATERPROOF
- BREATHABLE
- TOTALLY WINDPROOF
- LIGHTWEIGHT
- QUICK REDRY
- FLAME RETARDANT

FACE FABRIC  
ePTFE MEMBRANE / GORE<sup>®</sup> PYRAD<sup>®</sup>  
FR BACKER

GORE-TEX PYRAD<sup>®</sup>  
GARMENTS

- JP8 Jet Fuel Resistant
- Petroleum, oils and Lubricants Resistant
- Consistent protection after 25 wash/dry cycles
- Heat & Fire Protection
- Anti-static Protection
- Highly Breathable & Highly Waterproof
- Abrasion Resistant

**GORE-TEX PYRAD<sup>®</sup> PRODUCTS** Now flame retardant GORE-TEX garments can be made of similar materials such as nylons or polyester used for non-FR GORE-TEX Products. GORE<sup>®</sup> PYRAD<sup>®</sup> Fabric Technology is inherent to the fabric and up-grades the face fabric to add FR protection. It is not a flame retardant (FR) chemical treatment or coating, and does not wear off over time. Upon heat and flame exposure the laminate forms a stable char to protect the user. This innovative 3 layer laminate provides durable weather protection, optimized breathability, durable heat and flame and antistatic protection. The GORE-TEX membrane prevents the penetration of Petroleum, Oils and Lubricants and the suit is JP8 Jet Fuel Resistant. The robust properties which include excellent wear & tear features have been proven to last for many industrial laundry cycles to ensure a long product life time. Garments are lightweight and comfortable both in dry and wet weather conditions.

Item Code 000

Colour: Coyote

Size Range: 2XS - 4XL

Tested to ASTM F 903  
Liquid penetration to jet fuels.

Stow a way Hood

Upper Storage Pocket with Hook and loop closure

Sleeve Tab Adjustment with inner elastic cuff

Lower Storage Pocket with Hook and loop closure

Sewn using TENARA  
Gore Sewing Thread

Fully Seam Sealed

Adjustable Boot Entry with hook and loop tab.

ALL MEASUREMENTS ARE IN CM.
